Training Announcement
Minnesota Sheriffs' Association
CORRECTIONAL HEALTH DIVISION

Wednesday April 2, 2025

1200 – 1500

(virtual training; link will be sent the day prior)

“ An Integrated Behavioral Health Approach to Correctional Care”

-Learning how the “Integrated Behavioral Health” model is being incorporated into correctional care settings; how mental health providers can help “bridge” the gaps between the medical and correctional approaches.

-Identifying those who would benefit from this approach, including the SPMI population, and learning the impact of how ACE’s and other trauma play a role in re-incarceration rates and how we can help reduce these patterns.

Zach Dorholt, MS, LPCC, CCHP and Angela Young, MS, LMFT, mental health providers with the “Integrated Behavioral Health” team at CentraCare Health: [CentraCare - Coordinated Care Clinic | St. Cloud | Mental Health](#)

Zach Dorholt, MS, LPCC, CCHP

Zach has worked in the mental health field since 2008, having first spent nearly a decade working in an intensive out-patient program with the SPMI population, followed by working at MCF-St. Cloud as a Clinical Program Therapist, and currently working as an Integrated Behavioral Health provider with the CentraCare Coordinated Care Clinic and Jail Medicine program.

Angela Young, MS, LMFT

Angela has worked primarily in community based out-patient settings, including the Sex Offender Treatment Programs at CORE, out-patient therapist at CMMHC, and as a Mental Health Co-Responder with the Stearns County Sheriff’s Department. Angela eventually joined the Integrated Behavioral Health team at CentraCare, where she provides out-patient therapy at the Coordinated Care Clinic, along with providing mental health services at Wright and Todd County through the CentraCare Jail Medicine Program.

Training Cost: FREE

CEU’s: 3

Registration: Register for this training at www.mnsheriffs.org Registration deadline is **March 31, 2025.**
